

I'm an entrepreneur
Entree manure
Call me pennywise cuz I make money in the sewer
I'm a go getter and I'm a Doo dooer
Pee pee penis poo poo pooer

Can't keep up with my flow like I'm diarrhea
The rat from flushed away curves me everytime I see her
Ass so fat it's like madea
Got to make a dookie it's the size of Pangaea
You know I stay hydrated cos my pee is so clear

Keep that shit inside call me constipated
My hemmeroids are exacerbated
I think sweaty ham is overrated
And the line at ham time is not appreciated

Looking out the window call me homer glimpsin',
dripping in the fishtank call me homer shrimpsin
Homer sweaty ham got me kinda thinkin
That a ham flavored drinks what I should be drinkin

Carrot delicious. Carrot nutritious
Carrots the only thing that gets me bitches
I'm bugs bunny and the way I make money
Is getting pegged by evil witches, ghosts and litches

I'm a member of the human race
I'm in this place looking like two face
But both the halves are the good part
I gotta get up because I'm gonna fart

Gave a bad hair cut and I got sued
I don't give a frick Im at home watching blue's clues
I guess I need a good lawyer like Matlock
And this hair cut guy needs a padlock

Bc I'm gonna break into his house
Steal his spouse and put in a louse
And I'm gonna be malevolent
(Had a really good rhyme here but forgot it)

Going to the mickey D's that's short for McDonald's
With my covid stimmy from Mitch McConnell

I don't think I'm very good at wordle
But I jump hurdles like a ninja turtle

I like George bush
But only for his body cuz he's got a big tush
He didn't stop nine eleven
Didn't stop all those people from going to heaven

This is crazed and i'm fucked up
Got a nut from a tummy tuck
Not her name but i don't care
Singing pierced me ears like I'm at claires

Shopping hard its paying off
Not my bills which is what i want
Or need you see im in misery
Credit card comp's gotta hand in me

Which i don't mind
He's doin fine
But squealing like a pig
In a butchers line

Okay wait

I fucked up bad
This a pig
An I'm gonna be a dad
